Going to Clarinda always makes me nervous - we don't always play our best and Clarinda always seems to find their "A" game. That wasn't true today. It was a fun night to be a Trojan golfer. The Atlantic girls had a record outing. This was the lowest 9 hole team score, non-tournament (net) that we have had since 2007 when I became the coach. We shot 159 (+27). Erin Olsen and Brooke Newell continue to be our leaders and post outstanding numbers. Alyssa Ginther was right behind them with a 40. If she could replay one hole she could have been in the upper 30's also. Sarah Fixmer is getting more consistently in the mid 40's which is closer to where we need her to be at minimal.
