

The Fords And More Museum will be open to the public Oct. 1, 2017 from 1 to 4. This will be the last time to view the facility with all the units intact. With the passing of Howard, Doris will be selling his collection of trucks, tractors, combines, and machinery. If you have never seen his collection then Oct. 1st is the last time to do so. On that same day there will be a car cruise that is stopping to honor Howard and his museum. Arrival time will be around 3. We will be playing Howards choice of music the 50's & 60's rock and roll. At the museum there will be pop, popcorn, and candy bars. That was Howard's favorite snacks. Free will donation is the price of the treats. All proceeds will go to the Salvation Army flood relief for the hurricane victims. As always there is no charge to tour the museum. If you have been to the museum but would like to join us in honoring Howard and his Fords and More Museum one last time that would be great! Questions call Dave at 712-789-0155
