This was our first meet of the year. Good to be able to play after almost two year off. I thought Braden had a great round. This was his lowest this year. Garrett had a nice score today. Took 5 to 6 strokes off his lowest score from two years ago. Lane also has a good score but wants to get that lower. Drey had some struggles today. Both driver and putter weren't on. I know he will come around. Good to see Cruz score today and Cooper had some struggle and will get better as well. We all know we can do better and drop some strokes. We need to use this as a guide to improve.

This was our Freshman first meet as well. Roth played well today. 45 is a good first score. Tate had some good holes and then struggled on others. Need him to get below 50. Colton had some penalty strokes today so hopefully we can clean that up. Chris is doing better. Good to see him in the 60s.
