State Average: 54.70

Understanding Overall Performance

The overall performance includes both an overall score and performance rating for all Iowa schools across a number of performance measures. In addition, the Every Student Succeeds Act performance category identifies schools who are struggling or who have student groups who are underperforming. The overall score provides a single number which is the sum of the measures below. It provides a snapshot of school performance, but may not tell the entire story about performance of students in that school.
