Medalist Tournament Information

The top two overall individual players (plus ties) at each site from among the non-qualifying teams will advance from each Sectional to District tournament. Similarly, the top two overall individual players (plus ties) at each site from among the non-qualifying teams will advance from each District to the State Tournament. This will create opportunities for at least two individuals from among the non-qualifying teams to advance from each site in the postseason. This also creates a uniform qualifying process in the postseason. The process for team qualifiers from Sectional to District to State remains the same as in the past.

Team Tournament Information

The sectional/district team champion and runner-up will advance to the district/state competition. If a host school (sectional/district host team only, play the majority of their regular season matches or regularly practice on this course) finish first or second, the third-place team will also advance to the district or state tournament. There are times when multiple schools use the same golf course and we have a sectional or district tournament at this particular golf course, the designated host school by the Iowa High School Athletic Association must finish first or second in order for a third-place team to advance. The maximum number of teams that could possibly advance from sectional to district competition would be three. At no time would a fourth team advance to district competition. If your school has qualified a team of four or more members for the state meet, they need not be the same contestants who comprised your team in the sectional/district meet. If your school has qualified a team, up to six contestants in your school who are eligible to represent your school in interscholastic athletics may compete in the district/state meet as a member of your team. In the event your school has qualified individual(s) and not a team, then only that individual(s) would be eligible to compete in the state meet. You can't substitute for individual qualifier(s).

Place	Team	Score
